

LONG-TERM CARE PHARMACY COVID-19 UPDATE

As we continue to monitor the latest developments related to the coronavirus (COVID-19), Model Drug is committed to maintain the highest standard of support for our nursing facilities and their residents. We are constantly adapting operations to meet the high demand for pharmacy services as the nation continues to respond to the COVID-19 outbreak to ensure safety and support of our staff as well as the facilities and their patients. Model drug is working closely with our drug wholesalers and supply partners to assure continuity within our supply chain to minimize any disruption to our facilities and patients.

Model Drug will continue to maintain regular business hours at all locations including the 24/7 Kingsburg location. If needed, we are prepared for flexible hours for our staff as well as remote processing for teams to ensure continuity of business operations.

The mission of Model Drug is to ensure patients receive the right medications, in the right doses at the right time. Our dedicated team will continue to be successful by improving patient outcomes. During these challenging and evolving times, our invaluable partnerships are proven.
